

**TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE**

**FISCAL NOTE**

**SB 3902 - HB 3790**

February 26, 2010

**SUMMARY OF BILL:** Extends the grace period from 14 to 30 days for military persons stationed outside the United States to renew motor vehicle registrations after returning from abroad. Increases from three-fourths ton to one ton the truck rating above which license plates must be mounted on the front rather than the rear of a truck.

**ESTIMATED FISCAL IMPACT:**

**State Revenue – Net Impact – Not Significant  
Increase State Expenditures – Not Significant**

Assumptions:

- The Department of Safety will train officers concerning the change of location for license plates. Any associated increase to state expenditures is considered not significant.
- According to the Department of Revenue, there will be no impact to motor vehicle registration fees as a result of extending the grace period to military persons. There could be a slight delay in receipt of such fees, but collection over the course of any fiscal year would remain unchanged.

**CERTIFICATION:**

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in cursive script, reading "James W. White".

James W. White, Executive Director
